

The background features abstract, overlapping green geometric shapes, primarily triangles and polygons, in various shades of green, creating a modern and dynamic feel.

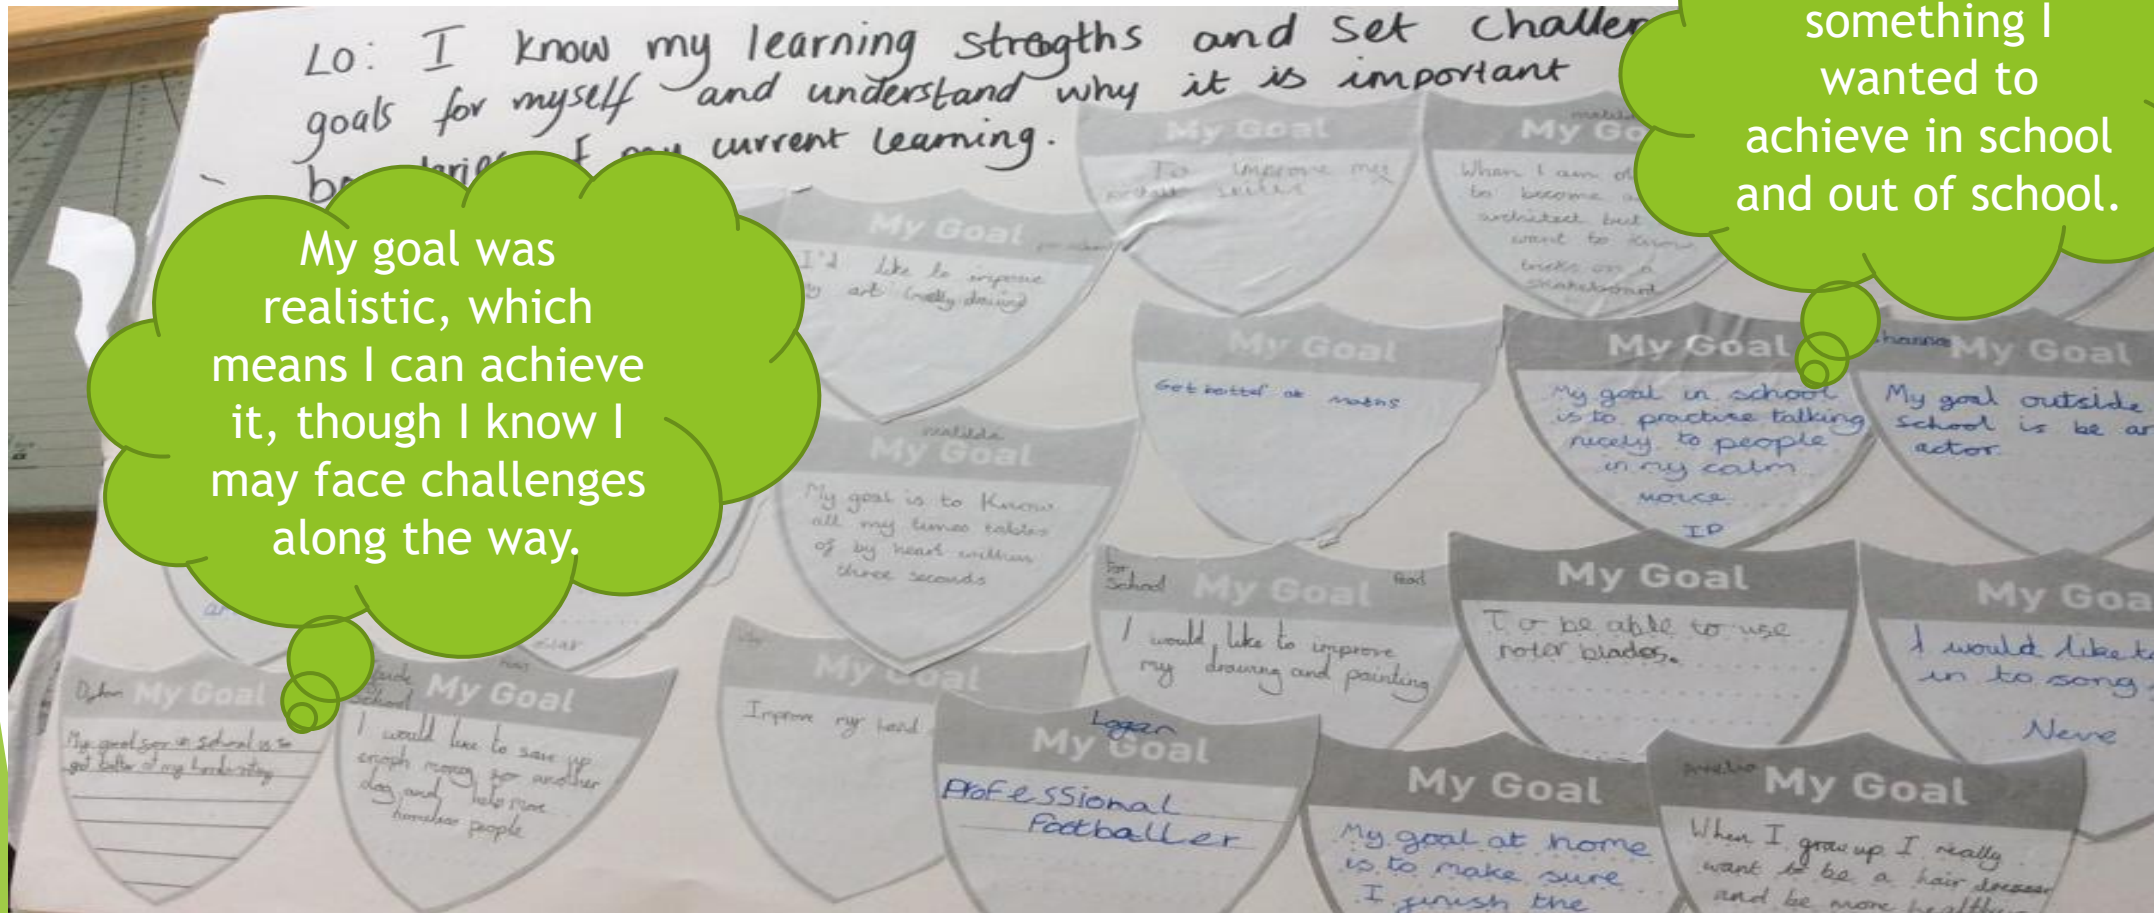

# PSHE

Dreams and goals  
Lynher Spring 1 2023

# I know my learning strengths and can set challenging but realistic goals for myself.

My goal was realistic, which means I can achieve it, though I know I may face challenges along the way.

I thought about something I wanted to achieve in school and out of school.

I can work out the learning steps I need to take to reach my goal and understand how to motivate myself to work on these.

Setting steps to success made my goal feel more achievable.

I know what my strengths are and who can support me to reach my goal.

I would like to improve my maths in school.

I could practice the things I have learnt at school recently every day for half an hour to an hour.

I could take my time and not rush and practice until I get it.

If I get stressed out then have a break and then go back to it.

A strength to help me is concentrate in school.

In other subjects I could look for things that could help me in maths.

I can identify problems in the world that concern me and talk to other people about them

I know its normal to feel concern when seeing people living in difficult situations

My dream for the world is for everyone to be treated fairly

We looked at issues both locally and globally and consider the goals and dreams for people in these situations.

**Manifesto for a Better World**

We can make choices and take actions to help make the world a better place for all who live in it. With your group, decide on what you would like to do and record it on your manifesto.

2 Choices I Am Going to Make
We are going to choose to pick up rubbish and we will put steps up into the recycling bins please. So we won't be polluted and we will not kill 127.

Actions I Am Going to Take
1. We will organise beach cleans and we might even raise money for charity for meals to

Why I Am Going to Do These Things
We want to make more awareness for climate change and we want to help at school. We want to make Earth a better place for us to live in.

**Important Images**

I can describe some ways in which I can work with other people to help make the world a better place.

I believe there is always room for improvement in the world and we need to work together to achieve this.

We consider ways we could support others and make the world a better place.
