### Football Match

A massive well done to our football team for their match against Polperro on Monday. They didn't make it an easy win for them. It was a bit of a rollercoaster with us being 2 up at one point, but we finished with a 6-5. Lots of people commented on how much the team have progressed and developed over recent months. Lots of communicating and a real team spirit!

**Please could all football kit be returned to school.**

### Residential Trips

Class Lynher & Tamar's residential trips in the summer term are on ParentPay. Please note, you are expected to make a reasonable contribution for these trips to take place. This is due to people making no contribution at all or only paying a nominal amount to residential trips. The school cannot afford to continue to cover non-payments. Any problems, please do not hesitate to contact us.

### Local Event

The 'human swan' Sacha Dench is coming to Kingsand Community Hall on March 24, to talk about her amazing experiences flying 7,000km in a tiny paramotor from the Arctic to the UK to track the migration of Bewick's swans. Sacha will be showing her film 'Flight of the Swans' and talking and answering questions about her inspirational journey, which led to her earning a Guinness World Record, and in which she tried to find out why so many of these amazing birds are now dying on their migration. **Tickets for this event cost £8 – you can buy them from the Spar on Fore Street in Kingsand or from Eventbrite (additional booking fee applies) here: <https://www.eventbrite.co.uk/e/flight-of-the-swans-film-screening-and-ga-with-sacha-the-human-swan-tickets-828537637377>**

### Class News

**Class Lynher** - In science we have made posters about being healthy. In our session with Trudy, we talked about ways to calm ourselves down. We have done cricket and football in PE, and in geography we are learning about Plymouth. We are looking forward to our trip to Plymouth on Monday. By Immy & Joey

**Class Tamar** - On Monday, we went down to Cawsand beach and we did a beach clean looking for microplastics and other plastic pollution. We learnt lots of facts about how damaging plastic can be in the oceans and how important it is to either not use plastic, or recycle it. Following on from this, in DT we started to design our lamps for a competition set by the Soho Lighting Company. In PSHE, we had another session with Trudy learning some more "decider skills" and how to use them. By Molly & Oliver

**Class Cremyll** - This week we have been thinking about fruit that comes from Kenya. We tried lots of yummy fruits and then thought about what school dinners are like in Kenya compared to our school dinners here. In Science we thought about an ocean habitat and why animals may live there. We learned that they need gills to breathe under water and often they can use the plants to help them hide from predators. In DT the children have begun preparing the materials to make their felt egg. They have begun choosing the fabric and cutting what they need. By Savannah

**Class Plym** - Yesterday, we visited St Andrew's Church and made Easter gardens out of moss, twigs, flowers and rocks. In PSHE we talked about why it is important to wash our hands, especially after going to the toilet and before eating! In English, we wrote a speech bubble for a character from the three little pigs story and then we wrote a list of what the piggies should pack in their backpack after being kicked out by their mum. By Theo

### Lost Property

Mostyn has lost a jumper, blue polo shirt and M&S trousers which were left behind after football training a couple of weeks ago. He has also lost an additional jumper. All the uniform is named. Please can everyone check that they have the correct uniform at home. Thank you.
