"Three Little Birds"

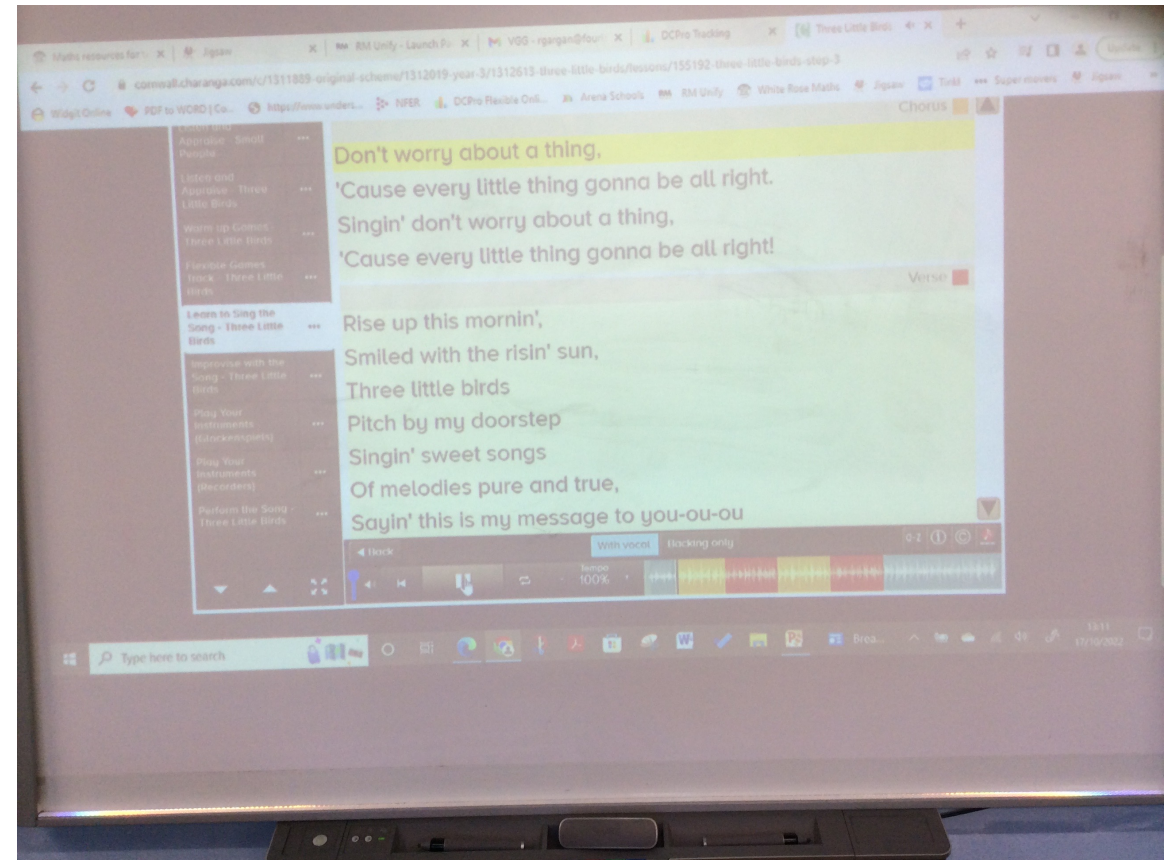

We discovered that reggae came from the Caribbean and has a particular sound. Bob Marley is a famous reggae singer.

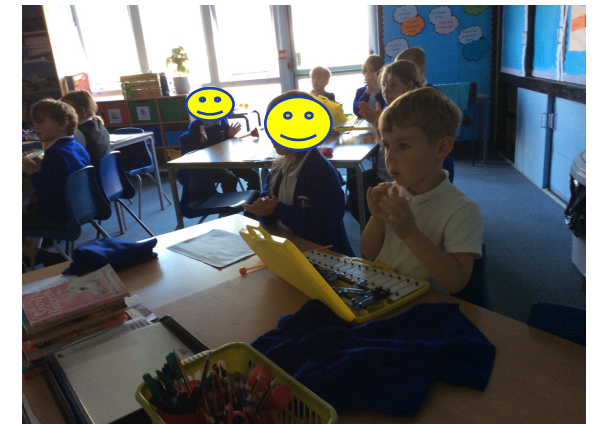

Bob Marley came from Jamaica.

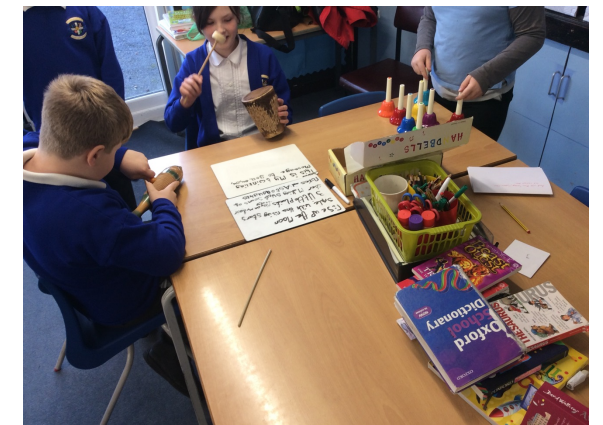

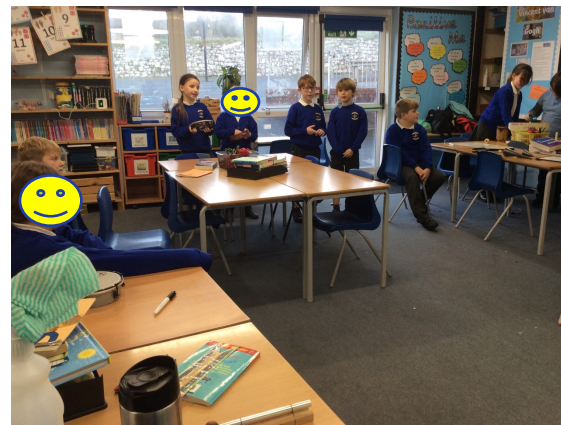

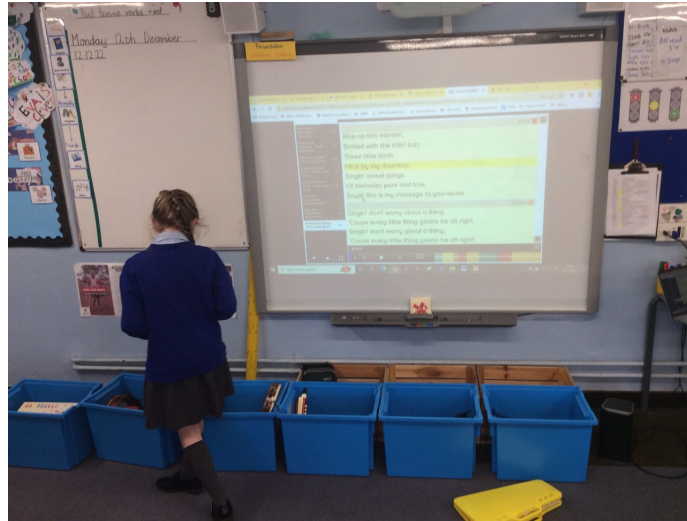

We listened and appraised,
"Three Little Birds" and
found out that most liked
the song but not everyone.

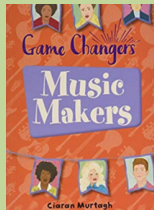

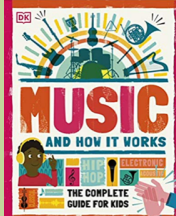

We used glockenspiels to accompany, "Three Little Birds".

Finally, we used instruments, adding to our own compositions. We then performed to our class, with the class singing the chorus.
