

### **Half Term Homework:**

The Council's Traffic & Transport Group recently met and had a look at issues around the parish. One of the problem areas is accessibility access for pushchair / wheelchair users from the top of the Tanyard, due to drivers often leaving their cars parked on the pavement.

Please can all children design a poster with the following:

- Please do not block the pavement.
- Draw images of a wheelchair and / or parents pushing a pushchair.

The council will then select some posters to be enlarged and signs installed on the wall.

Please return completed posters to school on Monday 20<sup>th</sup> February.
