**Message from Head teacher:** Thank you all very much for your wonderful contributions to Children in Need, we have been overwhelmed by the number of cakes and biscuits. We will let you know how much we have made next week. I'm sure many of you are Christmas shopping - please see the information and guidance overleaf about X-Boxes. This is also available on our website under online safety, as is guidance on smart phones and children. Please read them carefully. Can you all note the PEGI age rating when buying games, this also applies to games you are playing if your children are around.

Everyone is welcome and there will be mince pies and warm drinks. Find them in the Sherwell Centre (Plymouth University), 3:30pm - 5pm.

### Maker with Rame Sixbyfour Fundraising Exhibition

We still have postcards left for anyone wishing to get involved by creating a piece of art (any style, subject and medium), for this exhibition to raise money for emergency repairs to the main Barrack building at Maker Heights. They are asking for people of all ages and creative skill to get involved. The works will be exhibited from the 11th-13th December at Millbrook Village Hall, and sold for £5 each. The artwork will be anonymous until point of purchase. Blank postcards can be collected from the school office. Please return them to school by Monday 28th November.

### Class News

**Class Lynher** - We have been planning and writing stories of different genres this week. We all picked our own genre. PE with Mr Robinson was tag rugby and stretching our core muscles. Today, we are going to use some of the gymnastic equipment in the hall. By Romilly & Connor

**Class Tamar** - We have been learning about parallel circuits, in science. In music we have been learning how to recognise written notes. We have finished writing our own mystery stories based on 'Ottoline and the Yellow Cat' and have been peer assessing them. By Alice & Grace

**Class Cremyll** - We have been learning about 3D shapes and making thank you cards for our beach tribe teacher. We also had a whole school Alice in Wonderland rehearsal which we all enjoyed. By Lauren & Felix

**Class Plym** - We have been looking at Victorian inventions and thinking up our own. We looked at character emotions from the book 'Operation Night Monster' and have also been learning the properties of 3D shapes. By Damien & Cooper

### Our Solar Panels

Our panels were fitted in December 2011, just in time to ensure that we received the higher rate from the feed in tariff. They cost the school £10,000 and we were told we would recoup this cost within 6-8 years. We are almost 5 years on and we have already made £7,715.47 from them, so we are certainly on track.

### School Council Requests

Does anybody have any inexpensive solutions to the problem of losing footballs from the back of our playground over to the farmer's field? It's a big space and funds are limited. Ideas welcomed! Thank you.
