

Pupil premium grant expenditure report to parents for the year 2018/19

Since 2011-12, schools have been allocated 'Pupil Premium Funding'. The terms of the grant are very broad and merely state:

'The grant may be spent by maintained schools for the purposes of the school; that is to say for the educational benefit of pupils registered at that school, or for the; benefit of pupils registered at other maintained schools; and on community facilities, for example services whose provision furthers any charitable purpose for the benefit of pupils at the school or their families, or people who live or work in the locality in which the school is situated'.

The grant is to be allocated in two parts, which are:

- Pupil premium for pupils known to be eligible for free school meals (FSM) in any of the previous six years and service children in mainstream schools
- Pupil premium for looked-after children and pupils eligible for FSM in any of the previous six years in non-mainstream settings

From September 2012, the Department for Education (DfE) has required schools to publish information about how they plan to use the Pupil Premium grant. The report below details our school's plan for 2018/19

Overview of the school

Number of pupils and pupil premium grant (PPG) received for 2018/19	
Total number of pupils on roll	107
Pupils eligible for PPG	34 children are FSM and/or Ever 6
Amount of PPG received per pupil	£1,320

Total amount of PPG received	£41,940
Barriers to achievement 2018/19	
<ul style="list-style-type: none"> • Academic support from home – opportunities to discuss learning, support with homework including reading • Poor oral language skills • Poor home learning environment • Opportunities to experience wider cultural experiences and gain a broader knowledge and understanding of the world. • Emotional issues at home which lead to lack of focus in school • Attendance for individuals • Poor diet • Parents struggling to 'parent' their children effectively. 	

Nature of support 2018/19 and <i>reasons why in italics</i>
<ul style="list-style-type: none"> • Teaching assistants to support other children in the class allowing the teacher to work with pupil premium children – <i>so that the children receive high quality classroom teacher support to meet their needs and support progress within the classroom setting.</i> • Bespoke intervention groups e.g. phonics, precision teaching, lego therapy, FLE emotional wellbeing session (based on Trauma informed Schools and Emotional First Aid) – <i>identified precision support based on assessment to support good levels of progress.</i> • Teaching Assistant or Teacher used to release a member of staff with particular expertise e.g. able, gifted and talented math's provision – <i>To give specialist support to ensure good progress for all disadvantaged children including, most able disadvantaged.</i> • Support for children to attend residential and educational visits and clubs– <i>To ensure that all children receive extracurricular activities to support cultural knowledge and understanding.</i> • Teaching assistant time to work with children who require 'catch up' – <i>So that children are given the time to discuss their learning and address misconceptions before their reach the next lesson. This supports good level of progress.</i> • Extra individual reading time within the school day – <i>To ensure that children are not disadvantaged</i>

if parents and carers do not read with them at home.

- *Holiday club – To give parents respite in the holidays and provide alternative professional care for the children.*
- *Use of Dreadnought, Emotional First Aid, Brighter Futures and Trauma informed school training – To address and support children with social, emotional and mental health needs. This supports emotional health and progress in school and as part of lifelong learning.*
- *Fresh fruit and vegetables available at playtime – As part of our drive for healthy eating. This ensures that all children eat fresh, raw fruit/vegetables daily. The impact over the years has been that children then ask for it at home and are making healthy choice at home as well as school.*
- *Half price music tuition – To ensure that children have the opportunity to develop their musical knowledge and skills.*
- *Specialist employed to support FAST (Families and Schools Together) which runs after school every other week. To support parents with positive parenting approaches, develop the relationships between parents and children. Develop parenting skills and understanding of children.*
- *Termly Motional Audit and from the data raised activities and identified tasks set for individuals, groups and classes as applicable. To track, audit and improve children's emotional health and well-being.*
- *'My Concern' to ensure all the staff (on a need to know basis), have all the information they need to support every child.*

How will we measure impact?

We measure the impact of pupil premium by the progress made by the child/ren.

- We do this academically using school pupil tracker online to measure to impact of our interventions and support.
- We do this emotionally and for behaviour using our emotional audit to monitor emotional support put in place.
- We monitor attendance termly with our Educational Welfare Officer

Most of our support is included in our School Development Plan (SDP). This is evaluated termly for impact. Below is part of the SDP that monitors the progress of our pupil premium children. The next governor monitoring of Pupil Premium will be January 2019 The next evaluation of impact of the pupil premium strategy will be January 2019. The next annual review of the school's pupil premium strategy will be July 2019.

In January we are going to have an audit of the website using grid sent by the local authority at the end of the Autumn Term – this will support us in auditing our compliance. We continue to use texts as updates and also the FOFLES facebook page is used to remind parents of events. Once again we had 100% attendance at our parents' consultation, again this was because if parents were unable to attend all teacher ensured that they spoke to them, for some parents this meant that they called them from the office. Teachers are always visible at the beginning and end of every day on the gate as part of our open door policy, so the parents can speak to them as necessary. This is used by most parents. Celebration Assembly continues to be well attended by parents and carers and is how we share our successes both in</p>

We work with families and other agencies as necessary to meet the need of all children – see 2.3 During the Autumn Term as part of the support for new parents NP held a 17th Sept Phonics workshop for new parents. Attendance was higher than usual (most parents) and feedback was very positive from everyone. NP kept records of what was covered, feedback and a register. HI attended the SENCO cluster meeting 18th September to discuss how we can support parents and children. NP visited all our feeder pre-school before October half term to introduce herself to the staff and parents, continue to develop our close working relationship and to invite parents to come a view Fourlanesend. This year in the Autumn Term we have had over 10 families view the school looking for places for September 2019, this is an increase, we usually only get a handful at the most. Our FAST group has continued to flourish this autumn term with new parents attending and Danny Biscoombe (from Brighter Futures) supporting the group. This is being funded through Pupil Premium. The school website is kept up to date by each class teacher and the website with a focus on the curriculum was looked at and adapted as part of curriculum day on 14th February. As the Autumn term all communication via texts, newsletters and FoFLEs Facebook page is in place and used. Parents evening took place on the 13th March. As always we ensured if parents or carers couldn't attend the meeting then the teacher spoke to them at another time about the progress of their child/ren. This happened for every child. A member of staff from every class is available every day from each class on the gate at school for parents to approach and pass messages to. RN is available every day at the gate unless she is out of school or in a meeting. Parents also contact the school via phone or email for messages or to discuss their child.</p>

						<p>As in the Autumn Term the school continues to work with outside agencies. In the Spring Term RN meet with a private Educational Psychologist who had been recommended by another school. We are employing this person for a day a term from the Summer Term, this is due to the quick access we will be able to get and the improved support for children in the school.</p> <p>During the Spring Term the bi-annual Parent Survey was sent out and collated by Sue Robinson – Governor, the results demonstrated were extremely positive, see Spring Term 2019 Parent Survey.</p> <p>All actions were achieved</p> <p>All reports went out with very positive feedback from parents comments such as: I would like to thank all the staff for the support through the year in helping my son settling into school. It is great to see him run in the mornings and coming home with a smile. My child has loved every day at school this year. His reading has improved so much again, he is always excited to go to school and tell me about his day.</p> <p>Following a governor visit with the focus on the website, work is needed on the website to ensure it meets the new OFSTED EIF and is easy to use.</p>

Class Tamar has been learning about the importance of exercise on the body and the impact it has. Jigsaw also covers mental health, positive thinking and reflection and is taught across school. Teachers input into Motional Termly, the data is analysed and the activities/tasks are put in place for individuals, groups or classes. For example Class Lynher had a flower and slug exercise to complete – in the flower the children had to write people who made them feel positive and in the slug, people who could pull them down. The class then had a session on feelings and that it is ok and natural to feel angry etc., but then about how the feelings are displayed so</p>
